Conference report

Several NSW members attended and presented at the national conference - 'The Whole Menagerie' at Perth Zoological Gardens. It was an informative 2 days which included topics from stem cell transplants to Transplants in Veterinary Medicine.

The social event was an enjoyable evening starting at Kings Park and then a delicious dinner at the South of Perth Yacht Club. Delegates were also given the chance to participate in a tour of the zoo.

The opportunity to meet new colleagues from interstate was also valuable, looking forward to the 2010 conference.

2010 Conference
